Pavliv Maksym
TRAINEE/JUNIOR .NET DEVELOPER

Education

Bachelor, Lviv Polytechnic National University
September 2020 - June 2024

About me

I am Pavliv Maksym. I consider myself to be a responsible, friendly and hardworking person. Always open to new offers, learning something new. I have had experience with .NET, Web API, HTML, CSS, Pure Javascript. Currently I am learning React JS. Understand the main principles of OOP, SOLID, design patterns. I have no commercial experience yet, but I promise to work with maximum dedication.

Projects

MaksymShop
MaksymShop - is a products shop, written during courses at Sigma Software Development School. It is a console application created with observance of OOP, SOLID principles with using some design patters.
